About Us

Founded in 2013, UrthPact creates single-use products from earth-friendly materials. Our current product lines include compostable, dispensable cutlery, compostable drinking straws, and the world's first fully compostable coffee packaging option with compostable pods, mesh, and degassing valves.

UrthPact offers engineering services to customize a product to your exact needs and specifications. We don't greenwash. All of our products are fully certified for their advertised methods of compost. All of our products are 100% Made in the USA and are all fully plastic ban-compliant.

Our Mission

We will keep 25 billion pieces of plastics from reaching oceans and landfills by 2025 by replacing them with certified compostable alternatives.
